

THE DRESSY MALE GUY AS YOU CAN SEE HIM IN N'YORK NOW—THEY CALL IT ART IN CLOTHES.

BY NORMAN.

With Drawings By Raymond Crawford Ewer.

NEW YORK, July 15.—The latest fashions? On Fifth av., naturally. The latest eccentricities in male attire?

On Broadway. That's the difference. Lots of odd sights to be seen on both thoroughfares these midsummer afternoons.

If you want to know the very, positively, undoubtedly just-thought-of thing in straw hats, just glimpse the figure in the upper left-hand corner of the picture. The brim is something like a soup-plate with a serrated edge.

The gentleman, as he was sketched, was standing in front of the Holland House, than which there is no more classy place to stand in all N'York. Note, as exhibit B, the present mode in facial glassware—the heaviest, most disfiguring rims, of horn or tortoise sheen, than can be draped around a pair of lenses and a ribbon just a trifle wider than the necktie.

Also, the beltless Norfolk, peg-top trousers, square-toed, flat-soled shoes and near-visible cane. All are the newest modes.

The next-to-the-latest straw hat—one which had a great vogue at the beginning of the season—has a very narrow brim, a very narrow band, and is constructed of arched straw plaits.

Any male person over 22 years of age who puts on one of these things makes himself look more like a hopeless idiot than he could in any other way except having his brains taken out.

Silk shirts with inch-wide stripes of black, dark blue or purple, on a white ground, are being much worn. The newest scarfs are very summery—made of some lace-like material that is quite transparent.

Long-point collars are at the height of their vogue, extremists displaying the points outside the coat lapels. Checks are all the go in suitings, and men's clothes are being made ALMOST as tight as women's.

The high stock tie, of the sort affected (in his portraits) by Mr. Pickwick, was until recently worn only with evening clothes, or with the one-button cutaway, but of late is being seen along the Rialto in conjunction with sack coats and negligee shirts.

Spats are perhaps THE distinguishing mark of the man with whom clothes are an art rather than a passion. White spats, worn with black shoes and dark trousers, are seen

here and there on Fifth av., and never at all on Broadway.

RIVER PARK. STATE NEWS

ANDERSON.—Michael Webb, 54, shot and seriously wounded Frank Murphy, 30, his son-in-law, while the latter was asleep at his home. Webb confessed to the police saying that he believed Mr. and Mrs. Murphy had induced Webb's wife to abandon him and live with them.

VALPARAISO.—William Demke, a young farmer, was thrown from a wagon on his farm in a runaway, and received probably fatal injuries.

MUNCIE.—According to arrangements made with his wife who has "gone to the country", a young Muncie business man reports each evening at the Central police station where he remains until bed time. Five minutes after he leaves for home an officer calls up to find if he has reached there. The wife expects a complete report of her husband's conduct when she returns.

JEFFERSONVILLE.—Paul C. Riggs, a "trusty" employed in the reformatory barns, walked away and had gone a good ways before his absence was discovered by the authorities. Riggs is 23 and was serving a sentence of two to fourteen years for entering a house to commit a felony.

KOKOMO.—Forty-eight arrests for bootlegging have been made here within the last 24 hours. Twelve of those arrested are former saloon keepers. The Good Citizens' league is back of the movement to stop the illegal sale of liquor.

MUNCIE.—Declaring that she lost 50 pounds in worry and humiliation caused by the fact that her husband

turned up his nose at her when he met her on the street, Mrs. Viola Rush has filed suit for divorce from Homer Rush.

MUNCIE.—Angered because a customer in her restaurant said the soup served him was cold, Mrs. Josephine Karch, 38, followed him into the street to remonstrate. She fell dead on the sidewalk. The coroner said the anger caused a rush of blood to her head, rupturing an artery.

TOUGH ON PERCY.

"Weally, Miss Stripes, do you think it's propah to lead such a ferocious brute up and down the beach?" "Well, a girl must have an escort at a summer resort, Percy. And I haven't seen a man this afternoon."

ASKS DIVORCE AND CHILD AFTER ONE MARRIED YEAR

Charging that her husband refused to provide necessities of life, forcing her to work until she became ill, and that he sent away a physician she had called, Anna Szaly has filed suit for divorce and \$1,000 alimony. They have been married one year.

Mrs. Szaly asks the custody of their one child, Gabriella and her maiden name, Anna Kajocsa. She declares Szaly abandoned her in October and before that treated her so cruelly that she often had to take refuge with her mother.

DR. FLEENER'S STATEMENT OF FACTS

The Specialist Who Devotes His Entire Time to Chronic Diseases of Men and Men Only

I Know How to Cure Nervous and Chronic Diseases of Men

Science is on the wing. Treatments used one year ago are back numbers now. To be a TOPNOTCH Specialist requires not only skill and energy, but capital. The public is not satisfied with a doctor who sticks in the OLD RUT. Neither is it satisfied with the electric belt fakes or the pretending specialist. Nowadays men demand up-to-date treatment, not smooth talk and empty promises. To be a leader now it is absolutely necessary that you possess an EXPENSIVE LABORATORY where scientific investigations can be continually carried on. This I have, and I am prepared to give my patients the benefit of all the GREAT DISCOVERIES as soon as they are perfected. Others watch my announcements and at once they claim to do the same things. Men come to me because they read my STRAIGHT-FORWARD OFFERS, or because I have CURED some of THEIR FRIENDS. I AM PROUD OF MY RECORD.

"914" CURES BLOOD POISON

No Pain, Return Home Same Day

Giving a patient Neo-Salvarsan, "914," Prof. Ehrlich's New German Remedy for Blood Poison. This is the intravenous method, directly into the blood, the only way it should be given.

Extract from letter of Prof. Ehrlich: "Judging from all the reports received by me, it appears that the intravenous injection is to be preferred to all other methods of administration, as far as permanency of effect is concerned. Although I have to admit that this method of administration will prove an obstacle to the introduction of the remedy in general practice, on account of certain technical difficulties, I believe that the interests of the patient demand that only the most efficient form of treatment should be decided upon."

"I should feel much obliged to you if you will—as heretofore—assist me in this direction, and in the future employ as much as possible the intravenous mode for the administration of the remedy."

(Signed) P. EHRLICH.
Thomas A. Edison, the great "electrical wizard," says: "The German discovery for the cure of Blood Poison is the most important achievement of the year 1911—and that most of us have the disease and do not know it."

I guarantee a painless and safe treatment, giving the Genuine German Remedy according to the great German professor's latest instructions.
MY METHODS appeal to those who THINK and who want the benefit of the LATEST SCIENTIFIC PROGRESS that drives DISEASED GERMS out of your body. My advice is FREE and valuable, whether you are treated or not. If you need help, make your wants known to an HONORABLE SPECIALIST. No matter about money, COME if possible, IT'S BEST. I will explain to you my treatment for Varicose Veins, Nervous Debility, Blood Poisons, Kidney Diseases, Bladder Troubles and other diseases of mankind.

WARNING—Electrical Treatment, Electric Belts, Suspensory, Bandages, Medicines, locally or internally, will never cure any man of Varicose Veins, Hydrocele, Piles, Rupture, Stricture, Fistula, and when a doctor tells you he can cure you by such methods, he is only after your money.

DR. FLEENER.

YOU DON'T PAY IF I DON'T CURE LEARN MY METHODS

The FEAR OF FAILURE to obtain a cure in your case may have deterred you from taking treatment, or you may have been one of the unfortunate who have been treated in vain by inexperienced physicians. FREE TREATMENTS, FREE TRIAL SAMPLES, PATENT MEDICINES, or by false testimonials you may have been lured to a combination of traveling men representing themselves as great specialists, but having no knowledge of medicine. When you come to my office you see a regular licensed physician. I am in no way connected with any doctor, company or combination of men who copy my advertisements. My conscience, my profession, my reputation and teaching condemn all such quackery. No books, almanacs, nor symptoms blank schemes. No reputable doctor will resort to such methods.

DISEASES OF MEN

Lost Power the Cause of Mental and Physical Suffering

Perfect health is possible only when every function of the human body is properly performed. Man is the paragon of animals, the perfection of all created beings, but how seldom do we see the true, the perfect man, walking among his fellows a solitary gem? How many who fail to reach the dimensions of their splendid model! And yet the young man, the middle-aged man, the man of mature age who walks the streets with head hanging, afraid to meet the eye of his fellow beings, dreading lest they read his inmost secret, still follows the paths of ignorance for while his youth may be wrecked, while his vitality may be lowered, while his body may be the prey of his mind, yet there is hope, that his living death may turn and give him years of happiness, lifting him to that plane of manhood which all men should tread. I want to help men who are weak in vitality, who are nervous, despondent and lacking self-confidence, who feel as if old age was coming on too soon, because of the dulling of their youthful fire and ambition.

A SURE CURE—A SMALL FEE

To be strong is the aim of every man, and yet how many we find who are wasting the vitality and strength which Nature gave them. Instead of developing into the strong, vigorous man that Nature intended them to be, they find themselves stunted and despondent—no ambition to do anything. They struggle aimlessly along, sooner or later to become victims of that dread disease, nervous debility, their finer sensibilities blunted and their nerves shattered. It is hard for a weak man to have noble sentiments; such things are born of warm blood, healthy nerves and a strong heart. Every weak man is more or less despondent, lacks the magnetic enthusiasm of youthful energy, and should not hesitate to make almost any sacrifice to regain his happy, light-hearted and full of joyous impulses, to be free from brain wandering and dull, stupid feeling, to have confidence and self-esteem, and command the admiration of men and women. It is the law of Nature that all of the powers of the body and brain should be retained unimpaired until the last. The vitality of youth can be conserved by right living, and it is only because men ignorantly and recklessly waste their store of nerve force that they become feeble wrecks and find life not worth living. Scores upon scores of men of all ages and in nearly every walk of life have been rescued by Dr. Fleener. With him the treatment of these diseases is not an experiment. If he feels that he can't cure you, he says so and you part friends. You cannot afford to neglect this condition; neglect has strewn the seeds of discord and unhappiness in hundreds of homes, which otherwise would have been the abode of peace and happiness. The greatest gift to man is a healthy, Manly System; if your vitality is not what Nature intended, you are the cause, and inasmuch as it lies within your reach to have this gift restored, what man, who is truly a man, will not seek the opportunity?

Do You Suffer

with sour stomach, bloating after eating, headache, backache, dizziness, specks before your eyes, hot and cold flashes, lame back, scanty energy, ambition, vim, vigor, vitality, bashful, timid, nervous weakness, loss of confidence, brooding, blues, lack of ability to concentrate mind, thoughts wander, cold feet, itching of skin, vital loss, excessive thirst, pain around the heart, at base of brain or down limbs? Do you have difficulty in fixing your thoughts? Is your memory poor? Do you get weak suddenly? Are you nervous and irritable? Are you the man physically and mentally that you formerly were? Can you accomplish what your healthy friends and acquaintances can? If not, you are laboring under a great handicap. Come and let me make you strong and well again at a very small cost.

I also cure Rupture, Rheumatism, Piles, Fistula, Kidney and Bladder and Prostatic Diseases, Blood Poison and all other Men's Diseases quickly, permanently and without pain or loss of time. Examination free. Begin treatment now—today. All letters promptly answered.
